RE: Software Developer

Dear Adeola,

I read with interest your mail posting for Software Developer at Andela. I believe I possess the necessary skills and experience you are seeking now since my last application and would make a valuable addition to your company.

As my resume indicates, I possess two years of progressive experience in the computer programming and software development field. My professional history includes positions such as Programmer, Trainer at Harmony Innovation Hub Abuja as well as corporate trainings. Most recently, my responsibilities as Programmer at Harmony Innovation Hub match the qualification's you are seeking. As a Software developer, my responsibilities included Training new comers, Software Maintenance. I assisted in the successful completion of our company attendance and staff record system. My supervisor also relied on my ability to coordinate the activities of the Hub and making sure things are done rightly.

I have attached my resume for your review and I look forward to speaking with you further regarding your available position.

Sincerely,

Victor Anikoh Atima
